GRATEdesign®

RIGID GRILLE

Babcock-Davis’ GRATEdesign Rigid Grille is sturdy and offers design flexibility and is effective in any type of high-traffic entrance.

FEATURES

DUAL TREADS  The only grille in the industry to offer the design flexibility to mix and match treads.

STRONG AND SILENT  This durable grille is constructed with I-beams for added strength and cushions to deaden sound.

STOP THE DIRT AT THE DOOR  Protect your building floors from dirt and moisture with the use of entrance mats and grilles.
