Inset

STAIR TREADS + NOSINGS

Babcock-Davis’ Inset Treads and Nosings are an ideal solution for walkways, ramps, landings and stair treads where you require a strip of abrasive material. The inset treads are available in bar or full abrasive.

FEATURES

RAMP & WALKWAYS  Inset treads and nosings are the ideal solution for providing an anti-slip surface. Install on ramps, walkways, platforms and stairs on most surfaces.

ANTI-SLIP SAFETY TREADS  Reduce slip hazards with ADA and OSHA compliant abrasive stair treads. Abrasive treads provide a high level of slip resistance.

CONTINUOUS COLOR  No need to worry about walking off the color as the abrasive material filler is dyed throughout.

DETAILS

MATERIAL  Extruded Aluminum
APPLICATION  Poured Concrete, Steel Pan, Terrazzo or Wood
TREAD  Ribbed Bar Abrasive or Full Abrasive
WIDTH  1-3/8, 2-1/4 or 3 inches
LENGTH  Up to 12 linear feet
MOUNTING  Anchor or Drilled Holes, Mech. Fastened
NOSING  None
OPTIONS  Photoluminescent, Vision Line, Mitered Cuts, Painted Undersides or Taped Tops
