

NON-RATED ACCESS PANELS - CLEAN ROOM SERIES: BMNTC

Our BMNTC interior/exterior access panel is ideal for applications where moisture or air movement is a consideration. Its continuous stainless steel piano hinge is designed to open 180 degrees for easy access. The panel has gasketing on all four sides to ensure continuity of the seal.

SPECIFICATIONS:

Frame Material: 16 gauge galvalneal steel

Frame Flange: Exterior flange width 3/4"

Door Panel Material: 16 gauge galvalneal steel

Standard Finish: Off white prime coat

Hinge: Continuous stainless steel piano hinge

Gasket: Black, closed cell general purpose blended rubber; EPDM/ Neoprene/SBR

Latch: Screwdriver cylinder cam latch

Sizes:

Minimum: 8" x 8"

Maximum: 36" x 60"

PERFORMANCE:

Independently lab-tested for Air Infiltration/ Ex-filtration and Water Penetration Resistance in accordance with ASTM E283 and ASTM E331. Maximum size tested 24"X 36"

NOTE:

ORDER SIZE W x H = ROUGH OPENING

When ordering, the second dimension given, H, is the hinge side.
