RE: Sustainability Statement

Babcock-Davis certifies and provides the following information for use in achieving LEED v5 credit for specification of the following:

Product: Insulated Fire-Rated Access Doors

Models: BIT/BIW/BIP, BIU/BFRU, BFRD, ST/SW/SP

Final Assembly Location: Minneapolis, MN

LEED v5 Credit Contributions

Category: Materials and Resources

Credit: MRc4 – Building Product Selection and Procurement (5 Points Possible)

Babcock-Davis has demonstrated achievement in two criteria areas for Insulated Fire-Rated Access Doors:

- *Human Health:* A published, complete Health Product Declaration (HPD) is available for [Insulated Fire-Rated Access Doors](#), with full disclosure of known hazards of all substances present at or above 1,000 ppm (0.1%) and Pre-Checked for LEED. [Score: 1]
- *Circular Economy:* Babcock-Davis Insulated Fire-Rated Access Doors are constructed of approximately 85% Steel Alloy (default 25% post-consumer recycled content). [Score: Up to 1]
