

# Lume-A-Lite™

## DEMARICATION PRODUCTS

Lume-A-Lite Demarcation products outline hallways and stair landings in an egress stairway. The strip features a tapered edge for tamper resistance and can be butted up to each other for no waste. Both the strips and tape have peel and stick adhesive and are designed for floors and walls. Options are also available to meet NYC code requirements.

Marking Strip

Marking Tape

### FEATURES

**BRIGHTNESS** Materials are photoluminescent colored, bright and require no electrical charge. High-quality strips feature integrated dye throughout the material to exceed codes for brightness.

**DURABILITY** The Marking Strips are long-lasting and tamper resistant. It is designed with materials that last, like the foam back adhesive and 53 mil resin or the aluminum backed strip.

**INSTALLATION EASE** Labor saving features like peel-and-stick adhesives require no special tools and no special training. Installation and maintenance manuals are available at [www.babcockdavis.com](http://www.babcockdavis.com).
