More than a source for your
commercial building products...

A Partnership

Dear Partner,

Thank you for your continued confidence in Babcock-Davis. On behalf of the entire company, I can tell you that we are motivated and inspired to from our partnership. Working with you to deliver commercial building products and services that exceed your expectations is our top priority.

For over 100 years, we have remained dedicated to building and designing the highest quality commercial building products. Our product offering and manufacturing capabilities have grown significantly over the years thanks to the quality commitment of our many hard working employees in Minnesota. We proudly stand behind every product that we ship out every day and around the world.

Sourcing commercial building products is never as simple as it seems. This is particularly true when it comes to the type of specialty and architectural building products that we supply. It takes a collaborative effort of resources and information to get the job done right. We understand all the complexities and time sensitivities involved. This is why we have built such a strong network of people and processes to better serve all of you, our partners. We do so with flexibility and nimbleness that fit your objectives-not ours.

We are excited for the future and the opportunity to work with you and to continue to exceed your expectations. You have our commitment that we will work hard every day to help you succeed.

If there is anything that we can do to improve our service to you, we will listen.

Sincerely,

Sue W. Thomas | CHIEF EXECUTIVE OFFICER

Don't get caught in the dark.

The Lume-A-Lite egress path markings, signs, stair treads and nosings meet the following codes:

International Building Code (IBC)

2015/2018 Section 1025 Luminous Egress Path Markings
2009/2012 Section 1024 Luminous Egress Path Markings

International Fire Code (IFC)

2015/2018 Section 1025 Luminous Egress Path Markings
2009/2012 Section 1024 Luminous Egress Path Markings

National Fire Protection Agency (NFPA)

2015/2018 NFPA 101, Life Safety Code Section 7.2.2.5.5 - Exit Stair Path Markings

New York City Building Code

2014 Chapter 10, Section BC 1024 Luminous Egress Path Markings

Additionally, these products have been tested to one or more of the following standards:

ASTM International (ASTM)

ASTM E2072 Standard Specification for Photoluminescent Safety Markings

"Except that the charging source shall be 1 footcandle (11 lux) of fluorescent illumination for 60 minutes, and the minimum luminance shall be 30 milicandelas per square meter at 10 minutes and 5 milicandelas per square meter after 90 minutes."

Underwriters Laboratory (UL)

UL 1994 Standard for Luminous Egress Path Marking Systems

Lume-A-Lite™

HANDRAIL PRODUCTS

Lume-A-Lite Handrail Products alight handrails provide safe egress in the event of a power outage or smoky conditions. The Handrail Strip is curved to fit onto standard round handrails and features an easy peel and stick backing. For an economic option, the Lume-A-Lite Marking Tape offers a fast and easy install.

FEATURES

BRIGHTNESS Materials are photoluminescent colored, bright and require no electrical charge. High-quality strips feature integrated dye throughout the material to exceed codes for brightness.

DURABILITY The Handrail Strip is long-lasting and tamper resistant. It is designed with materials that last, like the foam back adhesive and 53 mil resin.

INSTALLATION EASE The peel-and-stick adhesive backing is easy to install. Installation and maintenance manuals are available at www.babcockdavis.com.

Lume-A-Lite™

DEMARCATIION PRODUCTS

Lume-A-Lite Demarcation products outline hallways and stair landings in an egress stairway. The strip features a tapered edge for tamper resistance and can be butted up to each other for no waste. Both the strips and tape have peel and stick adhesive and are designed for floors and walls. Options are also available to meet NYC code requirements.

FEATURES

BRIGHTNESS Materials are photoluminescent colored, bright and require no electrical charge. High-quality strips feature integrated dye throughout the material to exceed codes for brightness.

DURABILITY The Marking Strips are long-lasting and tamper resistant. It is designed with materials that last, like the foam back adhesive and 53 mil resin or the aluminum backed strip.

INSTALLATION EASE Labor saving features like peel-and-stick adhesives require no special tools and no special training. Installation and maintenance manuals are available at www.babcockdavis.com.

Lume-A-Lite™

RUNNING MAN SIGNS

Lume-A-Lite Running Man Signs provide a non-electric luminous egress routing system that is easily followed in the case of power loss in an emergency situation. Required by code, the standard running man symbol identifies the direction of egress. The material has been tested to UL 1994 and meets current IBC, IFC, and NFPA code requirements.

FEATURES

BRIGHTNESS Materials are photoluminescent colored, bright and require no electrical charge.

DURABILITY The Running Man Sign is long-lasting. It is designed with materials that last, like the foam back adhesive tabs and vinyl.

INSTALLATION EASE The Running Man Signs come with either self-adhesive tabs or can be mechanically fastened through pre-drilled holes. Installation and maintenance manuals are available at www.babcockdavis.com.

Lume-A-Lite™

STAIR TREADS + NOSINGS

Lume-A-Lite Ribbed Bar Abrasive Stair treads are the industry's leading glow-in-the-dark tread. Also available in two-part ribbed abrasive (BSTTM). These treads are perfect for indoor and outdoor applications such as stadiums and parking garages. The Low-Profile Renovation Nosing (BSTRM) is ideal for indoor applications.

FEATURES

BRIGHTNESS The embedded glow-in-the-dark photoluminescent material provides needed illumination for a safe exit. Choose an embedded resin with superior glow or abrasive grit insert that exceeds code requirements.

DURABILITY The stair treads and nosings are long-lasting. They are designed with materials that last, like extruded aluminum and abrasive grit.

INSTALLATION EASE The Low-Profile Renovation nosings are cut to length and glued down. Installation and maintenance manuals are available at www.babcockdavis.com.
